

AMAZON ECHO

Computational Artifact

Ask the Amazon Echo questions to make your everyday life easier!

HEY ALEXA
What's the weather today?

The weather today will be 75 degrees and sunny!

Get reminders, call a cab, or order a pizza!

HOW IT WORKS

Voice input data goes to the Amazon database and then back to the device

Voice Input:

Improvements in speech recognition and processing power have been a major factor in the development of the Amazon Echo

THE CLOUD
